**IN THE WHITE CORNER:
THE CONSTRAINTS OF CONTRACT HIRE.**

Locked into payments! X

You'll be stuck in a fixed term contract (usually 36-60 months).

Strain on cash flow! X

There may be large advance deposits (normally 3 month payment) which drain on your cash flow.

Financial penalties! X

If your business situation changes and you need to return your vans you will be stung by early termination penalties.

Mileage penalties! X

You will be stuck with a fixed mileage agreement, exceeding this will mean you incur heavy excess mileage charges.

Hidden service costs! X

Servicing through main dealerships could lead to delays and unknown additional charges.

No replacement vehicles! X

Often replacement vehicles are free for the first 48 hours and chargeable thereafter.
